Kommunity — Member Guide

Kommunity — Member Guide

Welcome! Your community uses Kommunity to stay organised — dues, elections, announcements, and more, all in one place. This short guide shows you how to use it.

If you have a problem, your community admin is the best first contact. For anything else, email **hello@akenrose.com**.

---

1. Setting up your account

There are two ways you'll usually get started:

You received an email invite. Click the link in the invite, choose a password (at least 8 characters), and you're in. You can tap the eye icon in the password box to check what you typed.

Your admin shared a community login link. Open the link (it looks like …/l/your-community), and either sign in if you already have an account, or follow the prompts to set one up.

Keep the community login link handy — it's the easiest way back in next time.

---

2. Signing in

1. Open your community's login page (or the general **Sign in** page).
2. Enter your email and password. Use the eye icon to reveal your password if you want to check it.
3. Forgot your password? Click **Forgot password?** and follow the link sent to your email.

---

3. Your dashboard

When you sign in, your home screen shows everything relevant to you:

- Your **community name** and a welcome.
- **Dues** — how much you owe, how often, and when your next payment is due, with a **Pay now** button.
- **Elections** — if a vote is running, cast it or review the choices you already made.
- **Latest updates** — announcements from your admin.
- **Executive members** — your community's current leaders and their contact details.

- **Call tree** — if you've been paired with someone to check in on, a link to submit feedback.

On your birthday, you'll also see a special greeting.

---

4. Your profile

Open **My profile** to see your details. Click **Edit profile** to update your: - Name, phone, WhatsApp, date of birth, country, and address.

Your **email can't be changed here** — it's your sign-in identity. If it's wrong, ask your admin to update it.

Receive SMS from my community — there's a tick box on your profile. Leave it ticked to get birthday wishes, dues reminders, and announcements by text; untick it to stop texts (you'll still get emails).

You can also **change your password** from this page.

---

5. Paying your dues

1. On your dashboard, find the **Dues** card and click **Pay now** (or open **Dues**).
2. You'll see the amount and how many periods you're paying for. Confirm and continue to **Paystack** to pay by card, bank transfer, or the other options shown.
3. After a successful payment you'll get an **emailed receipt**, and your dashboard updates to show you're paid up.

Your **dues history** lists every payment you've made, and your dashboard shows the next period you owe from — so you always know where you stand.

If you fall behind, you may receive a friendly reminder by email or text. You can settle up any time from the same **Pay now** button.

---

6. Voting in elections

When your community runs an election: 1. Open **Elections** (or use the election card on your dashboard). 2. For each position, review the candidates and select your choice. 3. Submit your vote. **You get one vote per position, and once cast it's locked** — you can come back to view your choices any time.

---

7. Staying up to date

- **Updates** shows announcements your admin has sent. New ones also arrive by email (and text, if your community uses SMS and you haven't opted out).

- Check the **Executive members** section any time you need a leader's contact details.

---

8. Call tree check-ins

If your community uses the call tree, you may be paired with another member to check in on. When you have an active pairing, a **Submit feedback** link appears on your dashboard — use it to let your admin know how the check-in went.

---

9. If you belong to more than one community

If you're a member of several communities on Kommunity — or you also help run one — use the **workspace switcher** at the top right to move between them. Whatever you're viewing (dues, elections, updates) always relates to the community you've selected.

---

10. Quick answers

I didn't get my invite email. Check your spam folder, then ask your admin to resend it or share the community login link.

My dues amount looks wrong. Amounts are set by your admin — reach out to them.

I want to stop text messages. Untick "Receive SMS from my community" on your profile. Emails will still come through.

I can't sign in. Use **Forgot password?** to reset it. If your email itself is wrong, only your admin can correct it.

Enjoy staying connected with your community.
